Manager Report / Randy Ferguson:

- During a heavy storm, lightning struck a transformer which took out a pump and fuses. Randy was able to purchase replacements quicker than expected.
- The cleaning of just the diving pool after the storm took a great amount of time due to the depth of the pool. The Shark used to clean the debris was ran on one half of the pool at a time.
- Several gallons of chlorine were used to clean all the pools.
- The pool was closed on Thursday after the storm and was reopened to the public the following Thursday.

Asst. Manager Report /Allison Walter

- N/A

Old Business

- Status on self-closing & latching gate for the baby pool.
 - This work was put on hold. Note that a temporary closure is being used on the gate until the new hinges and latch can be installed.

New Business

- Due to storms and water temperature, there was only one evening where the Adult Swim Night was held.

Next Meeting:
